PUBLIC HEARING(S)

Body: Community Development Board

Date February 17th, 2026

Time: 6:00 PM

Request: Request for a variance to Section 24-117 of code for Selva Gardens PUD, to reduce rear setback from 20 feet to 10 feet and to exceed 45% lot coverage.

Summary: The property owner seeks to add a back porch to the existing primary structure. The porch would encroach the required rear 20-foot setback. Section 24-121 of zoning code defaults PUD lot coverage to 45% if the PUD is silent. The property currently sits at 48.1% lot coverage, which is above the permitted 45% lot coverage. The proposed porch would take the place of some of the existing impervious concrete and not increase current overall lot coverage.

Pursuant to Section 286.0105, Florida Statutes, a person deciding to appeal any decision made by the Commission with respect to any matter considered at the meeting or at any subsequent meeting to which the Commission has continued its deliberations is advised that such person will need to insure that a verbatim record of all proceedings is made, which must include the testimony and evidence upon which the appeal is to be based.
