Hello Commissioner Ring, below is the speed and volume data that we have on file for Main St. I am looking at some other data points to discuss the speed limit reduction to 20 MPH and will share that with city staff to facilitate that our discussion. After staff meets we can provide the results of that discussion to the STOP committee also.

Date	Volume	85% Speed MPH	Mean Speed MPH
06/18/23	4525	27	17.0
2/11/23	3643	24	17.1
01/24/21	2229	25	18.2
02/11/20	3614	29	23

**Subject:** Main Street Traffic Study

Good afternoon Chief Vic,

Could you send the Main Street traffic study that was completed by ABPD? I think this would be valuable information and data for Grace (Marsh Oaks district representative) to share at STP committee meeting as they discuss traffic and safety issues within our area of AB. Perhaps, it would be worthwhile to present at one of the upcoming STP meetings even.

Thanks in advance.

Regards,
